

J.K. Haynes Teaching and Leadership Academy

How will I know if this program is right for my child?

Students will be immersed in a project-based, exploratory model in the education field, allowing students to experience various aspects of education. Students will explore classroom teaching, leadership, research, school business, and other elements that will expose students to the field.

Students who may be interested in this program should have an interest or aptitude in one or more of the following areas:

Interest Area

- Enjoy learning about many different things
- Taking the lead in groups during projects, discussions, and activities
- Helping others
- Care about people and their needs
- Likes to show others how to complete a task

Physically

- Interacting with others in a group setting
- Participate in community services and volunteering

Academically

- Aptitude for reading, writing, and researching
- A creative and critical thinker

Leadership Skills

- Self-directed and follows instructions without close supervision
- Comfortable creating reports, analyzing data, and communicating ideas
- Collaborate with others and listen to ideas

Social and Emotional

- Communicate with different types of people
- Show empathy and patience with others
- Ability to be adaptable

Independent Learner

- Make decisions based on observations
- Pays attention to details and ensures accuracy and precision
